One vote

The heat of summer has finally arrived. July 4 has passed, and with it most thoughts of upcoming elections.

Judging by the turnout in the last election, most thoughts about voting disappeared than as well.

Someone once said that "liberty means responsibility — that is why most people avoid it." An often heard response to the question of why didn't you vote is why bother to vote? My vote doesn't count for anything.

Wrong! History provides some vivid lessons why a failure to exercise that one vote could have changed the course of human events forever. For example:

In 1645, one vote gave Oliver Cromwell control of England.

In 1649, one vote caused Charles I of England to be executed.

In 1776, one vote gave America the English language instead of German.

In 1845, one vote brought Texas into the Union.

In 1868, one vote saved President Andrew Johnson from impeachment.

In 1876, one vote changed France from a monarchy to a republic.

In 1876, one vote gave Rutherford B. Hayes the presidency of the United States.

And in 1933, one vote gave Adolf Hitler leadership of the Nazi Party.

Is your vote important? Your free life depends upon it.

told me I was to replace
Frank Wade. Excellent.
The classes all went

called Saul's in the late
afternoon to report that, once
again, my gas tank is
leaking. I was very firm
in asking that I be given
a new gas tank. The young
man at the service desk,
who has a wonderful
"bedside manner" for a
service desk person, was
very supportive and
understanding and
wrote the order slip
(shown at left) "Critical".
I believe he said that
my new tank will be
installed on Monday or
Tuesday, I believe he said.

stopped at Grey Court after school; HLRP reported that EAG/GGS had called;
I had something to eat at the Grey Court & then went into town
went directly to Cemetery. Edith & Gertrude there and in fine form;
both looked very well, very well indeed. They were cooking
their dinner: Roast Chicken & baked sweet potatoes & Creamed
corn. I had tea with them. GGS gave me some "Danville
symp" and also a very beautiful quart Mason jar -
very old - blue-tinted - "Mason's / Patent / Nov 30/
1858" She & EAG were on their way to see Kurt Reed
do a presentation on cut glass at a meeting of the
Delphic Study Club at the Baptist Parsonage. GGS had
this Mason jar & another bottle & an old pair of ice
skates that she was going to give to Kurt Reed. She
asked me if I wanted them & I said I would love to
have the Mason jar. GGS & EAG both renewed their CHSDM
memberships for 1985 - both at \$25.00 each.
